BIG OFFER

We call the attention of our readers to a remarkable club offer we are making in another column for the winter's reading. We are offering a value of $2.50 for $1.00. We hope all our old friends will have gotten in arrears will take advantage of the offer and pay up in advance for the paper. Be sure to read the offer.

Judge Hundley has a bill pending in the Legislature for a change in the terms of our court which will appeal to the win om every man in his district under the old plan, but with it now in force, very few if any can remember our court days. The bill provides dates as follows:

Appomattox—First Monday in February, April, June, October and December.
Buckingham—Tuesday after the fourth Monday in January, April, June, September and December.
Charlotte—First Monday in January, March, May, July, September and November.
Prince Edward—Third Monday in January, March, May, September and November.

Judge Jackson will also make some changes in this circuit, but it will not interfere with the approaching term of Buckingham court, which convenes on the 10th of February.

The K Buildusters in the legislature are evidently disposed to show fight, but they would do well to remember that "discretion is the better part of valor." Judge Rives, endorsed by the Bristol bar successful Southwest from early manhood until now, approved of by a Republican majority in Congress, the only man who ever won a victory over "Stonewalls" successor, ought to be a taker of bribes. However, let it be understood that Virginia wants men on the Corporation Commission who can feel comfortable in Pierce Mill, with Farmer West at the head of the investigation the public may can't out of the lists, and should New York's governor become the president, he will leave the office the most unpopular man that ever lived. He may browse in the same surroundings should it seem very strange that this warm place should be found between this Elwood and Conner?

Now as to the killing of the deer, I have but little to say. I know that a deer was being chased, as I was driving a half a mile from the hunters running at full speed in an entirely different direction from those of the sportsmen. Some time after that I heard several shots, but she killed the deer or whether one was killed or not, I have only hearsay evidence, which I believe is not admissible in court.

Conditions in New York give promise of Democratic triumphs—this is if the Democrats have sense enough to stop fighting among themselves, and "get together" to make war on the common enemy.

"Harry" Tucker will prove "fore man worthy the steed" of any one but—and if he suffers defeat he will go down with colors flying. The quarrelsits has been rounded up and we will depend on what, now let the music begin and "on with the dance." It will be a long run and much will depend on who, not, however, the "hot air" of the mere politician.

Death of Mrs Elizabeth H. Moore.

Mrs. Elizabeth H. Moore departed this life at 3:30 o'clock January 30th, aged 84 years. She has been sadly declining in health for the past two years.

She leaves one son, Wm. R. Moore and seven grand children to mourn her decease. She was one of the oldest Methodists in Buckingham, having been a member of the church over 70 years. She was a grand old christian and died in the faith. Since we buried beside her husband, R. A. Moore, on the old Moore homestead. Services were conducted by her pastor, Friday evening.

Miss Louise Omohundro spent Christmas at Greenway, Norwood and Lynchburg.

Mr. P. G. Omohundro, of Richmond, was a guest here Sunday and Monday.

Misses A. J. Rice and family were visiting at Mr. Rice's home near here Sunday.

We preached a fine sermon on the 4th Sunday morning. Everybody was glad to hear us.

Misses Lizzie Robertson and Mary Gannon, of Richmond, are visiting at Mr. Rice's.

Miss Essie Omohundro spent Christmas at Greenway.

We wish the TIMES and its readers a bright and happy new year.

Too late for last issue.—Ed.

Prospect.

We are sons ant readers of the TIMES, and think it almost a necessity, necessity; to us it is like a letter from home, and while we get though its columns some sad intelligence concerning some of our friends of other days, we have to take the bitter and the sweet as coming from the same all wise power.

Mr. E. S. Taylor, of this place, is slowly recovering from an illness of several weeks.

Mrs. W. R. Smith, who has spent some time in Farmville under medical treatment is back at home, much improved.

Mr. Hopkins and family, from Illinois, have moved into his new purchase and seem to be well pleased.

Mr. C. N. Pugh, who has been making his home in Richmond, since last October, came home early in January to prepare his crop of tobacco for market and owing to very unfavorable weather, has made slow progress and so delaying his return to Richmond.

We notice from "Deer Slayers" last issue, he makes seemingly designed to substantiate remarks made in a former communication, This would lead one to think that the veracity is doubted. Now Deer Slayer being a neighbor, a friend and a good Methodist, I can't think of having his veracity questioned. As to his description of the place called the Devils Elbow, he is correct. The writer has visited the place more than once, and as to the "Hole in the Ground" which emits such gh warmth to make a cold day comfortable, I have heard it from others than the Deer S ayer, though I have not seen it, but perhaps if Deer Slayer could call on it he would wonders and make on the Appomatox his state most might seem more plausible. This "Hole in the Ground," referred to is two miles from the Devil's Elbow, and just a short distance up the stream to a place called Hell's corner. The writer has visited corner also. When we consider the facts stated above and what we know in all of his Sata ic Majesty and warm surroundings should it seem very strange that this warm place should be found between this Elwood and Conner?

Now as to the killing of the deer, I have but little to say. I know that a deer was being chased, as I was driving a half a mile from the hunters running at full speed in an entirely different direction from those of the sportsmen. Some time after that I heard several shots, but she killed the deer or whether one was killed or not, I have only hearsay evidence, which I believe is not admissible in court.

Money Should not be a Source of Worry

But it often is. People loan their savings to others. When the interest is due it is not forthcoming. And then the principal itself is frequently lost. Most persons can earn money, but compartitively few are fortunate in placing their surplus in individual loans that are both safe and profitable.

In a good, sound, reliable bank like this your money will be absolutely secure. Our certificates bear 3 per cent interest.

We solicit your account, whether commercial or savings. Every branch of the banking business is conducted here. We make a specialty of mail order banking.

Big profits from cotton, tobacco, and potatoes and fruits depend upon their uniform, vigor of growth and larger growth and a high fertilization with

Virginia-Carolina Fertilizers

That Virginia-Carolina Fertilizers are for sale in your town is proved by the experience of Mr. D. W. Gray, who says: "I was making on a small scale, and I found that Virginia-Carolina Fertilizers gave me better results than other home formulas in the use of some other fertilizers, but the cost was $15 a ton more, and in my opinion it was not justified. I think I appreciate in the least in saying that Virginia-Carolina Fertilizers was three times as profitable as any other fertilizer I ever used." Many valuable points on fertilizing written by Government and private authorities, will be found in our Farmers' Handy Book or Almanac. Hurtsville.

After a long silence I will come again with the complaint that seems to have become chronic no news.

While we have been enjoying a vacation from the literary world, we have not been idle nor asleep. Our neighborhood has been alive to the business needs of this immediate section.

Mr. Frank Gills is opening up a stock of goods at Mr. L. E. Gills old stand. This neighborhood has needed a store for two years and no doubt the people will patronize him liberally. While he is a very popular young man, he is not without opposition for on the road that leads to Lane Ford, is another store. This merchant opened about a month ago and says business has been fairly good. We don't think that Mr. Gills need feel much uneasiness over this as competition is the life of trade.

There has been a good deal of sickness around here. The school taught by Miss Glenn had to close on account of scarlet fever. Tuscola is taking the rounds also. Several families of the Gold Hill school have it.

Mr. P. O. Beach, of Sheppards, was visiting in the neighborhood Saturday and Sunday.

We were sorry to learn of the death of Mr. Alex Morris. He was 88 years old and one of the oldest residents of this vicinity. He had been in failing health for several years. We extend our sympathies to the bereaved one.

Mr. J. R. Fore is slightly indisposed.

But little ice has been stored up to this time.

For fear of the waste basket I will close with best wishes to the TIMES and its army of readers.

Regardless of the 3-inch snow that fell here last night there was a big dance given at "Woodburne." The happy crowd gathered and dancing commenced at 8 p m sharp. Music was furnished by McCraw Brothers, of Lynchburg. Forty odd people were present and the dancing went steadily on the until 12 o'clock then midnight lunch being served all returned to the ball room and participated in the innocent enjoyment of quadrilles, waltzes and two steps until 4 o'clock in the morning. The crowd then broke and took their leave by saying they had spent the most delightful evening of their lives, but thought they would enjoy the next one still more if that be possible. The dance was given a few days earlier than expected on account of friends who could not have been present later. The dance was given by Mrs. J. A. Harris and Mrs. R. H. Snead in honor of R. H. Snead's birthday.

Glenfall.

—Mother earth is covered with a beautiful mantel of snow and from the temperature of today it has come to stay. After such a mild and green winter, even the most fastidious should not complain. We can at least make a virtue of necessity by hoping the snow will benefit the wheat and by knowing it will eradicate germs, that would otherwise remain.

Blazing fires are in demand and those sitting around them are sufficiently grateful to an All Wise Creator for the many blessings that we enjoy as food and raiment, health and strength. God pity those who are without the comforts this winter weather.

Most of our farmers have burned plant beds and are looking forward to that most laborious crop, the raising of tobacco.

Deafness cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.
